1. ORGANIZATION

Managed Portfolio Series (the "Trust") was organized as a Delaware statutory trust on January 27, 2011. The Trust is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The LK Balanced Fund (the "Fund") is a diversified series with its own investment objectives and policies within the Trust. The investment objective of the Fund is long-term capital appreciation and current income. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946, Financial Services – Investment Companies. Prior to July 1, 2012, the Fund's investment adviser managed a limited partnership with an investment objective and investment policies that were, in all material respects, equivalent to those of the Fund. The limited partnership, which incepted on June 30, 1986, converted into, and the Fund commenced operations in the Trust on, July 1, 2012. The Fund currently offers one class, the Institutional Class. The Fund may issue an unlimited number of shares of beneficial interest, with no par value.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Security Valuation - All investments in securities are recorded at their estimated fair value, as described in Note 3.

Federal Income Taxes – The Fund complies with the requirements of subchapter M of the Internal Revenue Code of 1986, as amended, necessary to qualify as a regulated investment company and distributes substantially all net taxable investment income and net realized gains to shareholders in a manner which results in no tax cost to the Fund. Therefore, no federal income tax provision is required. As of and during the year ended. June 30, 2025, the Fund did not have any tax positions that did not meet the "more-likely-than-not" threshold of being sustained by the applicable tax authority. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations. As of and during the year ended June 30, 2025, the Fund did not have liabilities for any unrecognized tax benefits. The Fund is not subject to examination by U.S. tax authorities for tax years prior to the year ended June 30, 2022.

Security Transactions, Income, and Distributions – The Fund follows industry practice and records security transactions on the trade date. Realized gains and losses on sales of securities are calculated on the basis of identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and regulations. Discounts and premiums on securities purchased are amortized over the expected life of the respective securities using the constant yield method.

The Fund distributes substantially all net investment income, if any, and net realized capital gains, if any, annually. Distributions to shareholders are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from their treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, GAAP requires that they be reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset value per share of the Fund. As of June 30, 2025, no reclassifications were made.

Allocation of Expenses – Expenses associated with a specific fund in the Trust are charged to that fund. Common Trust expenses are typically allocated evenly between funds of the Trust, or by other equitable means.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

LK BALANCED FUND NOTES TO THE FINANCIAL STATEMENTS

June 30, 2025 (Continued)

New Accounting Pronouncements – In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07"). This change is intended to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses, allowing financial statement users to better understand the components of a segment's profit or loss and assess potential future cash flows for each reportable segment and the entity as a whole. The amendments expand a public entity's segment disclosures by requiring disclosure of significant segment expenses that are regularly provided to the chief operating decision maker ("CODM"), clarifying when an entity may report one or more additional measures to assess segment performance, requiring enhanced interim disclosures and providing new disclosure requirements for entities with a single reportable segment, among other new disclosure requirements.

Management has evaluated the impact of adopting ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures with respect to the financial statements and disclosures and determined there is no material impact for the Fund. The Fund operates as a single segment entity. The Fund's income, expenses, assets, and performance are regularly monitored and assessed by the Adviser, who serves as the chief operating decision maker, using the information presented in the financial statements and financial highlights.

3. SECURITIES VALUATION

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion of changes in valuation techniques and related inputs during the period and expanded disclosure of valuation Levels for major security types. These inputs are summarized in the three broad Levels listed below:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Following is a description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis. The Fund's investments are carried at fair value.

Short-Term Investments – Investments in other mutual funds, including money market funds, are valued at their net asset value per share. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Equity Securities – Equity securities, including common stocks, preferred stocks, exchange traded funds ("ETF"s) and real estate investment trusts ("REIT"s), that are primarily traded on a national securities exchange are valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and ask prices. Securities traded primarily in the Nasdaq Global Market System for which market quotations are readily available are valued using the Nasdaq Official Closing Price ("NOCP"). If the NOCP is not available, such securities are valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and ask prices. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Fixed Income Securities – Fixed income securities, including asset-backed, corporate, mortgage-backed, municipal bonds, and U.S. government & agency securities, are valued at fair value on the basis of valuations furnished by an independent pricing service which utilizes both dealer-supplied valuations and formula-based techniques. The pricing service may consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (where observable), bond spreads, and fundamental data relating to the issuer. Fixed income securities are categorized in Level 2 of the fair value hierarchy.

LK BALANCED FUND NOTES TO THE FINANCIAL STATEMENTS

June 30, 2025 (Continued)

The Board of Trustees (the "Board") has adopted a pricing and valuation policy for use by the Fund and its Valuation Designee (as defined below) in calculating the Fund's NAV. Pursuant to Rule 2a-5 under the 1940 Act, the Fund has designated Lawson Kroeker Investment Management, Inc. (the "Adviser") as its "Valuation Designee" to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5. The Valuation Designee is authorized to make all necessary determinations of the fair values of portfolio securities and other assets for which market quotations are not readily available or if it is deemed the prices obtained from brokers and dealers or independent pricing services are unreliable.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used to value the Fund's securities as of June 30, 2025:

	Level 1	Level 2	_	Level 3	Total
Common Stocks	\$18,199,092	\$ —	\$	_	\$18,199,092

Total Investments in Securities	\$19,094,312	\$ 7,040,632	\$		\$26,134,944

Refer to the Schedule of Investments for further information on the classification of investments.

4. INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Trust has an agreement with Lawson Kroeker Investment Management, Inc. (the "Adviser") to furnish investment advisory services to the Fund. Pursuant to an Investment Advisory Agreement between the Trust and the Adviser, the Adviser is entitled to receive an annual advisory fee equal to 0.75% of the Fund's average daily net assets on a monthly basis.

The Fund's Adviser has contractually agreed to waive its management fees and pay Fund expenses, in order to ensure that Total Annual Operating Expenses (excluding acquired fund fees and expenses, leverage/borrowing interest, interest expense, taxes, brokerage commissions and extraordinary expenses) do not exceed 1.00% of the Fund's average daily net assets. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of thirty-six months following the date on which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in effect at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated within a year after the effective date of the Fund's Prospectus. Thereafter, the agreement may be terminated at any time upon 60 days' written notice by the Trust's Board or the Adviser, with the consent of the Board. Waived fees and reimbursed expenses subject to potential recovery by month of expiration are as follows:

Expiration	Amount
July 2025 – June 2026	\$131,231
July 2026 – June 2027	\$133,743
July 2027 – June 2028	\$138,226

U.S. Bancorp Fund Services, LLC (the "Administrator"), doing business as U.S. Bank Global Fund Services, acts as the Fund's Administrator, Transfer Agent, and Fund Accountant. U.S. Bank N.A. (the "Custodian") serves as the Custodian to the Fund. The Custodian is an affiliate of the Administrator. The Administrator performs various administrative and accounting services for the Fund. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund; prepares reports and materials to be supplied to the Trustees; monitors the activities of the Fund's Custodian; coordinates the payment of the Fund's expenses and reviews the Fund's expense accruals. The officers of the Trust, including the Chief Compliance Officer, are employees of the Administrator. As compensation for its services, the Administrator is entitled to a monthly fee at an annual rate based upon the average daily net assets of the Fund, subject to annual minimums. Fees incurred by the Fund for administration and accounting, transfer agency, custody and chief compliance officer services for the year ended June 30, 2025, are disclosed in the Statement of Operations.

^{*} For federal income tax purposes, distributions of short-term capital gains are treated as ordinary income.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of LK Balanced Fund and Board of Trustees of Managed Portfolio Series

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of LK Balanced Fund (the "Fund"), a series of Managed Portfolio Series, as of June 30, 2025, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of June 30, 2025, the results of its operations for the year then ended, the changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of June 30, 2025, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Fund's auditor since 2012.

At the regular meeting of the Board of Trustees of Managed Portfolio Series ("Trust") on February 19-20, 2025, the Trust's Board of Trustees ("Board"), including all of the trustees ("Trustees") who are not "interested persons" of the Trust, as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended ("Independent Trustees"), considered and approved the continuation of the Investment Advisory Agreement ("Investment Advisory Agreement") between the Trust and Lawson Kroeker Investment Management, Inc. ("LK" or the "Adviser") regarding the LK Balanced Fund (the "Fund") for another annual term.

Prior to the meeting and at a meeting held on January 7, 2025, the Trustees received and considered information from LK and the Trust's administrator designed to provide the Trustees with the information necessary to evaluate the continuance of the Investment Advisory Agreement ("Support Materials"). Before voting to approve the continuance of the Investment Advisory Agreement, the Trustees reviewed the Support Materials with Trust management and with counsel to the Independent Trustees, and received a memorandum and advice from such counsel discussing the legal standards for the Trustees' consideration of the renewal of the Investment Advisory Agreement. This information, together with the information provided to the Board throughout the course of the year, formed the primary (but not exclusive) basis for the Board's determinations.

In determining whether to continue the Investment Advisory Agreement, the Trustees considered all factors they believed relevant, including the following with respect to the Fund: (1) the nature, extent, and quality of the services provided by LK with respect to the Fund; (2) the Fund's historical performance and the performance of other investment accounts managed by LK; (3) the costs of the services provided by LK and the profits realized by LK from services rendered to the Fund; (4) comparative fee and expense data for the Fund and other investment companies with similar investment objectives; (5) the extent to which economies of scale may be realized as the Fund grows, and whether the advisory fee for the Fund reflects such economies of scale for the Fund's benefit; and (6) other benefits to LK resulting from its relationship with the Fund. In their deliberations, the Trustees weighed to varying degrees the importance of the information provided to them and did not identify any particular information that was all-important or controlling.

Based upon the information provided to the Board throughout the course of the year, including a presentation to the Board by representatives of LK, and the Support Materials, the Board concluded that the overall arrangements between the Trust and LK set forth in the Investment Advisory Agreement continue to be fair and reasonable in light of the services that LK performs, the investment advisory fees that the Fund pays and such other matters as the Trustees considered relevant in the exercise of their reasonable business judgment. The material factors and conclusions that formed the basis of the Trustees' determination to approve the continuation of the Investment Advisory Agreement are summarized below.

Nature, Extent and Quality of Services Provided. The Trustees considered the scope of services that LK provides under the Investment Advisory Agreement, noting that such services include, but are not limited to, the following: (1) investing the Fund's assets consistent with the Fund's investment objective and investment policies; (2) determining the portfolio securities to be purchased, sold or otherwise disposed of and the timing of such transactions; (3) voting proxies, if any, with respect to the Fund's portfolio securities; (4) maintaining the required books and records for transactions that LK effects on behalf of the Fund; (5) selecting broker-dealers to execute orders on behalf of the Fund; and (6) monitoring and maintaining the Fund's compliance with policies and procedures of the Trust and with applicable securities laws. The Trustees noted the investment philosophy of the portfolio managers and their significant investment and portfolio management experience. The Trustees also considered LK's capitalization and its assets under

management. In that regard, the Trustees determined that LK had sufficient resources to support the management of the Fund. The Trustees concluded that they were satisfied with the nature, extent and quality of services provided by LK to the Fund pursuant to the Investment Advisory Agreement.

Fund Historical Performance and the Overall Performance of LK. In assessing the quality of the portfolio management delivered by LK, the Trustees reviewed the short-term and long-term performance of the Fund on both an absolute basis and in comparison to an appropriate benchmark index, the Fund's Morningstar category ("Category") as well as a smaller sub-set of peer funds ("Cohort"), and the composite of separate accounts that LK manages utilizing a similar investment strategy as that of the Fund. When reviewing the Fund's performance against its Category and Cohort, the Trustees took into account that the investment objective and strategies of the Fund, as well as its level of risk tolerance, may differ significantly from funds in the Category and Cohort.

The Trustees noted that the Fund outperformed both the Category and Cohort averages for three-year period and the Category for the five-year and 10-year periods, each as of September 30, 2024, while underperforming the Category and Cohort averages for the year-to-date and one year-periods, as well as the Cohort average for the five-year and ten-year periods, each as of September 30, 2024. The Trustees also noted that the Fund underperformed its benchmark index for all periods presented. The Trustees observed that the Fund had outperformed its additional benchmark indices (Bloomberg U.S. Aggregate Bond Index and Lipper Balanced Funds Index) for the three-year and five-year periods ended September 30, 2024, except that it underperformed the Lipper Balanced Funds Index for the year-to date, one-year, and ten-year periods ended September 30, 2024. The Trustees then observed that the Fund's performance was generally consistent with the performance of a composite of similar accounts managed by LK over all relevant time periods. The Trustees noted that the Fund's performance included performance of a predecessor fund that was reorganized into to the Fund.

Cost of Advisory Services and Profitability. The Trustees considered the annual advisory fee that the Fund pays to LK under the Investment Advisory Agreement, as well as LK's profitability from services that LK rendered to the Fund during the 12-month period ended September 30, 2024. The Trustees also noted favorably that LK had agreed to continue the expense limitation agreement under which LK contractually agreed to reduce its advisory fees and, if necessary, reimburse the Fund for operating expenses, as specified in the Fund's prospectus, and observed that LK had waived a portion of its management fee over the Fund's most recent fiscal year. The Trustees then considered that the management fee LK charges to the Fund is generally within the range of fees charged to separately managed accounts with similar investment strategies as the Fund, depending on the size of the separately managed account. The Trustees noted that LK's service relationship with the Fund has not been profitable.

Comparative Fee and Expense Data. The Trustees considered a comparative analysis of contractual expenses borne by the Fund and those of funds within the same Category and Cohort as of September 30, 2024. The Trustees noted the Fund's management fee and total expenses (before and after waivers and expense reimbursements) were each higher than the Category and Cohort averages. They also considered that the average net assets of funds comprising the Cohort were significantly higher than the assets of the Fund. While recognizing that it is difficult to compare advisory fees because the scope of advisory services provided may vary from one investment adviser to another, the Trustees concluded that LK's advisory fee continues to be reasonable.

Economies of Scale. The Trustees considered whether the Fund may benefit from any economies of scale, noting that the investment advisory fee for the Fund does not contain breakpoints. The Trustees noted that given current asset levels, it was not necessary to consider the implementation of fee breakpoints but agreed to revisit the issue in the future as circumstances change and asset levels increase. The Trustees also considered that LK had agreed to consider breakpoints in the future in response to asset growth.

Other Benefits. The Trustees considered the direct and indirect benefits that could be realized by the Adviser from its relationship with the Fund. The Trustees considered the extent to which LK utilizes soft dollar arrangements with respect to portfolio transactions as well as the fact that the Fund allows smaller client balances below LK's separate account minimum to remain under management. The Trustees also took into account that LK does not use affiliated brokers to execute the Fund's portfolio transactions. The Trustees considered that LK may receive some form of reputational benefit from services rendered to the Fund, but that any such benefits are difficult to accurately quantify. The Trustees concluded that LK does not receive additional material benefits from its relationship with the Fund.
